

			This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default it is set to expire after 2 years, although this is customisable by website owners.
_ga	2 Jahre	google.com	The main purpose of this cookie is: Performance
_gat	10 Minute	google.com	This cookie name is associated with Google Universal Analytics, according to documentation it is used to throttle the request rate - limiting the collection of data on high traffic sites. It expires after 10 minutes. The main purpose of this cookie is: Performance
_gid	24 Stunden	google.com	This cookie name is associated with Google Universal Analytics. This appears to be a new cookie and as of Spring 2017 no information is available from Google. It appears to store and update a unique value for each page visited. The main purpose of this cookie is: Performance
cookie_notice_accepted	1 Woche	google.com	This cookie ist set after cookie Notice was accepted
